No Sympathy

Peter Tosh

I can't find

[Chorus:]
No love
No sympathy
What kind of love
They've got for me

I'm on my way
To happiness
Where I can find
Some peace and rest

When I'm in troubles yeah
Only me only me feel the pain
No one good word of advice
From any of my so-called friends

[Chorus]

Might as well might as well
I get out of hell
Hell could never be made for me
So I'm gonna search search
'til I'm free

No love no love

[Chorus]

I can't find no love
No no sympathy
What kind(3x) of love
They got(3x) for me

They don't love themselves
So they can't love no one else
(2x)

I just can't find(3x) no love

I can't find(3x) no sympathy
I can't find(3x) no love at all
What kind of love(3x)
People got for me

I'm searchin'
