Closer Than Ever

The Imperials

Every new day brings another way
Of knowing just who You are
The more I see of Your love for me
I see my love just grow so fine
So until I meet you face to face
Iâ€™m gonna take your hand
And travel on, on and on
Where peace is full and strife is gone

Chorus
To know You (to know You)
To love You (to love You)
I always want to feel Iâ€™m
Closer than ever to the heart of You
Now that I realize thereâ€™s more to You than what you do
Knowing You better
Means loving You better too
Closer than ever, Lord
Iâ€™m closer to the heart of You

Iâ€™m not gonna cry about the time gone by
Before my heart began to yearn
What matters to me is the certainty
That is never too late to learn
Until we reach the time You come again
I want to reach for You

Chorus
More and more
Show me more
All the ways Iâ€™ve not seen before
To know You (to know You)
To love You (to love You)
I always want to feel Iâ€™m
Closer than ever to the heart of You
Now that I realize thereâ€™s more to You than what You do
Knowing You better
Means loving You better too (loving You better too)
Closer than ever, Lord

Iâ€™m closer to the heart of You

Chorus
More and more
Show me more
All the ways Iâ€™ve not seen before
To know You (to know You)
To love You (to love You)
I always want to feel Iâ€™m
Closer than ever to the heart of You (to the heart of You)
Now that I realize thereâ€™s more to You than what You do
Knowing You better
Means loving You better too (loving You better too)
Closer than ever, Lord
Iâ€™m closer to the heart of You, yeah!
Closer now (closer than ever) to the heart of You, Lord (Closer now than ever, Lord)
Now that I realize thereâ€™s more to You than what You do (more to You than what You do)
Closer now than ever, Lord
Means loving you better too (loving you better too)
