

# Straight Up

## Future

[Hook]

Got The Gucci Boots On Like Its Snowing, Straight Up  
Big Booty Freak And She Foreign, Straight Up  
All My Whole Team We Very Important, Straight Up  
I Put Red On The Bottom Of Ya Shoes, Straight Up  
I Got Racks On Me, Straight Up  
With A Gat On Me, Straight Up  
Ima Spaz On Ya, Straight Up  
Throw Some Cash On Ya, Straight Up  
Moley With The Lean Feel Like You Come From Another Planet, Straight Up  
Every Car I Drive You Know It Gotta Be Panamera

[Verse 1]

Im fly like plane, & I ain't go never land  
I tie my strings, Cause I run to them bandz  
Im on the Moley, Don't fuck around with them zans  
Got them baby bottles, with the activist ain't playing  
Im a high top, I'm in popular demand  
With a pent house, but guess where I been staying  
In a condominium, with this fat ass Dominican  
Got To Cost Over 80 Racks Just For Me To Gone Sit In  
I'm an astronaut, yes,yes, yes I am  
Ima Take This Guapp & Cash Out On A Lamb  
Throw Some Red Bottoms, Jimmy Choos be all you wearing  
Fuck the dress code, nigga it ain't no comparing

[Verse 2]

Ima go to mars & take the baddest broad  
This ain't no Facade  
She a natural born star

Emilio, Valentino Gucci  
Slow my flow  
We Go To Sleep In Gucci  
This ain't tricking off  
This how you kick it with a boss  
We blasting off, like a rocket what you thought?  
On another level, we put diamonds in our cross  
Keep that heavy metal, like a rockstar so dont you cross  
From another planet, yes, yes, yes I am  
I got ya baby many, she in love with who I am  
Riding Panoramic, with the turbo booster  
She got the red on her, like she down with suwooo
