

# We're the Ordinary

## Starflyer 59

We're ordinary people  
Close but not the worst  
But I think you know  
We're all the lonely people Alone but not at first  
But I think you know The older living people  
Who've been through even worse  
But I think you know  
Just like the other people Alone but not at first  
But I think you know  
Sometimes we don't have a life We're ordinary people  
Close but not the worst  
But I think you know  
We're all the lonely people Alone but not at first  
But I think you know  
Sometimes we don't have a life
