

Restoration

TonÃ©x

Lord here I am.
Lord please have mercy on me.
I left your side.
So now I'm making my plea.

I try to pretend that everything is okay.
But I knew in my heart I'd do better Lord.
Running around in circles of sin.
Lord I chose you before and now I choose you again.

CHORUS

Restoration
Lord I know that I've gone way too far.
Restoration.
Lord I know I've been running for way too long.

La da da da da da
I opened my eyes.
Hanging out with friends from my past(some of yall might know about this).
I find no harm done--no harm done
But my flesh to go up in a flash.

Even when I was with them.
My mind wasn't there.
For I knew if you came Lord that I'd be left.
So like a lost sheep that has gone astray.
I went back in the flock and I'm back in to stay.

Restoration.
Lord I know that I've gone way too far.
Restoration.
Lord I know I've running for way too long.

Raise your hands.
He'll reclaim you.
He'll restore you and restoration begins.
Raise your hands--raise your hands.
He'll reclaim you--he'll reclaim you.
He'll restore you and restoration begins.

Give it up--give it up.
Turn it loose.
Just surrender and restoration begins.
Give it up.
Turn the world a loose yeah.
Just surrender and restoration begins.

Raise your hands

He'll reclaim you yeah.
He'll reclaim you--He'll restore you yeah.
He'll restore you and restoration begins.
Raise your hands--Raise your hands.
He'll reclaim you--God will reclaim you yes he will.
He'll restore and restoration begins.

Give it up--Turn the world a loose turn the world a loose oh yeah.
Turn it loose--oooh restoration restoration restoration.
Just surrender and restoration begins.
Give it up--Give the world up player.
Turn it loose--Turn the world a loose ooooh oooh oh
Just surrender and restoration begins.
