

Honeymoon

Lana Del Rey

We both know that it's not fashionable for you to love me
But you don't go 'cause truly there's nobody for you but me
We could cruise to the blues - Wilshire Boulevard if we choose.
Or whatever you want to do, we make the rules. We both know the history of violence that surrounds you
But I'm not scared, there's nothing to lose now that I've found you
We could cruise to the news - Pico Boulevard in your used
Little bullet car if we choose, Mr. Born to Lose Our honeymoon
Our honeymoon
Our honeymoon
Say you want me too
Say you want me too
Dark blue.
Dark blue. There are violets in your eyes
There are guns that blaze around you
There are roses in between my thighs
And a fire that surrounds you
It's no wonder every man in town
Had neither fought nor found you
Everything you do is elusive
Even to your honey dew Our honeymoon
Our honeymoon
Our honeymoon
Dreaming away your life
Dreaming away your life
Dreaming away your life
