

# Long Live the Kids

## We Are The In Crowd

I've seen the rise, and the fall  
The bitterness in all the empty hearts  
That stopped before they left their mark  
In this town worst friends  
Can be your best enemies  
Share the same last wish, last names  
It's all eyes to keep you in lineSo hang on, be strong  
Long live the kids in us all  
Pride may fail us  
But god we will die trying  
Hang on, be strong  
Long live the kids in us all  
Fate may cheat us  
But God we will die tryingHope, hey! I've been the hope, and the doubt  
The fear of breaking down  
These insecurities until there's nothing left  
(Until there's nothing left)  
I wanna scream, I wanna live  
I don't care who's listening  
I won't wait my turn to be the ignorant  
(Hey, hey, hey, hey)  
If I rised to keep you in lineSo hang on, be strong  
Long live the kids in us all  
Pride may fail us,  
But God we will die trying  
Hang on, be strong  
Long live the kids in us all  
Fate may cheat us,  
But God we will die tryingYou can't tell us no!  
You can't tell us no!  
No! No-oh!  
You can't tell us no!  
No! No-oh!  
You can't tell us no!You can't tell us no, no, no, no, no!Hang on, be strong  
Long live the kids in us all  
Pride may fail us  
But God we will die trying  
Hang on, be strong  
Long live the kids in us all

Pride may fail us  
But God we will die trying  
Hang on, be strong  
Long live the kids in us all  
Fate may cheat us  
But God we will die trying  
God we will die trying!No, no-oh!  
You can't tell us no!  
No, no-oh!  
You can't tell us no!  
No, no-oh!  
You can't tell us no!  
No, no-oh!  
You can't tell us no!
