

The Red Passage

Vader

A dive up with head down
moth-winged Angel's shriek
excretion condensed
dignity disrespectThe Crown of Manhood
means nothing here
not for the sheep they pray
they bless the buther's knifeA chant of turbid light
sombre consolation
caryr me, oh Hydra Mother
to gods of festering woundsThe Crown of Manhood
means nothing here
not for the sheep they pray
they bless the buther's knife
