

Set The Night To Music

Roberta Flack

Look at all the stars tonight
Look at all the moonlight
Look at us we're all alone.
Oh and just like a dream
Like some romantic fantasy
Darling come and hold me close.
We could be making love
And with the slightest touch
We could

[Chorus]

Set the night to music, we could
Set the night to music, we could
Do what we want to do
It'll only take me and you
To set the night to music.

We'll find a rhythm all our own
Melt into it nice and slow
Love ourselves away from here.
Your heart beating next to mine
Perfect love in perfect time
Watch the world, just disappear.
This moment is ours to take
And with the love we make
We could

[Chorus]

This moment is ours to take
And with the love we make
And with the slightest touch
We could

[Chorus]
