

All Night

R5

We're stayin' all night
Got blue jean baby playing in my mind
She gets me so high
Givin' me faith I gotta testify, uh And the way that she walks I can't hide it
If I said I don't like it I'm lyin'
Hold tight (yeah)
A little bit of love will change your life She said I'm outta my head
I'm going out of my mind
And when I'm out on the edge will you save me, save me
Can we live for the moment
Can you live for tonight
Can we forget what was broken and say say say we'll be Alright
Cause even if we change we'll always be the same
All night
I promise if you stay we'll never fade away
All night And now it's midnight
And I can feel your electricity
Give me that skin tight
Good girl ain't ever makin' history, nope And we'll dance in the street till the morning
Never sleep when the city is callin'
Hold tight
A little bit of love will change your life (change your life) She said I'm outta my head
I'm going out of my mind
And when I'm out on the edge will you save me, save me
Can we live for the moment
Can you live for tonight
Can we forget what was broken and say say say we'll be Alright
Cause even if we change we'll always be the same
All night
I promise if you stay we'll never fade away
All night We'll be alright
We'll be alright
We'll be alright
We'll be alright And we got nothing but time
(We'll be alright)
To make the most of this life
(We'll be alright)
Take on the wrongs and the rights
(We'll be alright)

Forget them all and just say say say
Ohh won't you say it now
We'll be alrightAlright
Cause even if we change we'll always be the same
All night
I promise if you stay we'll never fade awayAlright
Cause even if we change we'll always be the same
All night
I promise if you stay we'll never fade away
All night
All night
