

Burn (Alledged Remix)

Alkaline Trio

There's a lightning storm each and every night
Crashing inside you like motorbikes
We toss and turn, sleep so loud
Grind the teeth in our empty mouths
Our emptyThere's a forest fire burning bright
Spreading quickly towards our last rights
Nowhere to run, pointless to hide
Just lay there and scream, pretending to try
PretendingIntending to burn, pretending to fight it
Everyone learns faster on fire
Things took a turn, lost all desire
You live and you burn
You live and you burnThis impending doom is left deep inside
And it's haunting you each and every night
Like starving wolves, counting sheep
We close our eyes, pretending to sleep
DescendingIntending to burn, pretending to fight it
Everyone learns faster on fire
Things took a turn, lost all desire
You live and you burn
You live and...Like hell, we are anxiously waiting
Like hell burning silently strong
Somehow we fell down by the wayside
And somehow this hell is homeAs we burn, pretending to fight it
Everyone learns faster on fire
Things took a turn, lost all desire
You live and you burn
You live and
Like hell, we are anxiously waiting
Like hell burning silently strong
Somehow we fell down by the wayside
And somehow this hell is home
Right now, this hell is my home
