

Trouble Is (feat. Hayden Panettiere)

Nashville Cast

Trouble is a Friday night
When I'm feeling lonely
Trouble is too much time
 On my hands
With you in my head Trouble is one more fireball
 When I'm already lit,
 and it's last call
 Trouble is nothing good
Ever happens after 2:00 A.M. Stumble outta that red door
 Hop into a cab
 Feeling a little bit crazy
 Feeling like I wanna be bad
 Ain't going home till I check
 a few more sins off of my list
 If you're looking for me
 I'm gonna see, I'm gonna be
Where trouble is Trouble is a guy with the guitar
 in the next bar
 Trouble is I don't even
have to know his name Trouble is a rebound night
 where it's lookin' like
 there's gonna be a catfight
 Trouble is ain't no girl
gonna stand in my way Stumble outta that back door
 Hop into a cab
 Feeling a little bit crazy
 Feeling like I wanna be bad
 Ain't goin' home till I check
 a few more sins off of my list
 If you're looking for me
 I'm gonna see, I'm gonna be
 Where trouble is
Where trouble is Stumble outta his front door
 Hop into a cab
 Feeling a little bit crazy
 Feeling a little bit bad
 I'm goin' home to sleep off
 Maybe one or two regrets
 If you're lookin' for me

I'm gonna see, I'm gonna be
Where trouble is
Where trouble is
Where trouble is
Where trouble is
Where trouble is
