Delusional

Quicksand

Delusional, I'm not impressed
You want to tell me so bad
Who is on your guest list tonight
But I don't careSave it for one of your other friends
Or your many fansJust think, just think solutional we have a problem
We don't care who you know
It's too bad that you think so
Next time you drop a nameSave it for one of your other friends
Or your many fansDelusional, I'm not impressed
Illusional lies you tell best
And you want me to know
But I can't hear at allBut I can't hear at all
I can't hear at all
But I can't hear at all
I can't hear at all
