

# Dream Wanderer's Tune

## Deerhoof

Now the castle rising in the sky eternally  
Crumbles to the ground before me  
now the king is laughing on a throne  
Eternally We couldn't dream  
Silver screen endings Now the children  
Living in the house  
Eternally  
Hanging in the air  
Before me  
Now the milk man  
Marches on his way eternally
