I Know Places

Ryan Adams

You stand with a hand on your waist line
It's a scene and we're out here in plain sight
I can hear them whisper as we pass by
It's a bad sign, it's bad sign
Something happens when everybody finds out
See the vulture circling in dark cloud
Love's a fragile little flame, it could burn out
It could burn out
'Cause they got the cages, they got the boxes
And guns, they are the hunters, we are the foxes
And we run, we run, we run'Cause baby I know places we won't be found and they'll be
Chasing their tails tryin' to track us down
I know places we can hide, I know placesLights flash on the run for the fences
Let them say what they want, we won't hear it
Lose sleep, swing ship, all the damn time, not this time, not this time
Just grab my hand and don't ever drop it
My love, they are the hunters, we are the foxes
And we run, we run, we runBaby I know places we won't be found and they'll be
Chasing their tails tryin' to track us down
I know places we can hide, oh I know placesThey take their shots, we're bulletproof
And you know for me it's always you
In the dead of night, you act so great
And I know for you, I know for you , I know for you it's always me
Baby I know places we won't be found and they'll be
Chasing their tails tryin' to track us down
'Cause I know places we can hide, I know places we can hide
I know places we can hide
I know places we can hide
