

The Last Journey Home

Dragonforce

Strangers to reason, our bleeding hearts so cold
Life brings a change it seems and fear will blind the soul
In the silence one only will know
Cast away, can it fall on the wastelands?
Send the soul from the forgotten sickness and save his life
Challenge the dream before the long departing, your mind is right
Whoa, hear the burning thunder roar
Whoa, whoa, still lost in a fire storm
Tonight we feel the past return
Lost inside the dream, despite the life we'll live forever
Still the wasted time left burning below
One thousand shattered voices, lost inside an endless wonder
Tonight her voice will take me home
Shine glorious we ride, we stare into the blackened sky
Save the last command, the virtue blinding
So far beyond the sun, still blinded with the fire inside
Once alone again, silence stands for our last journey home
Our lives intensified, mutation, frustration
Ever lasting lifetime in beyond the world
We'll travel endlessly, they're moving disjointed
One man can understand his sad misery
Whoa, whoa, whoa
They've taken my heart, they've taken my soul
And now we stand below in sanity
In time we'll see the past unwind
Alive still wander in a fallen land
One more time we stare into the blackened sky
For tonight in our hearts now we feel
One last time see our destiny reveal
Shine glorious we ride, we stare into the blackened sky
Save the last command, the virtue blinding
So far beyond the sun, still blinded with the fire inside
Once alone again, the silence stands
Shine glorious tonight, still blinded by the blackened sun
Save the last command, forever rising
So far beyond they come, still blinded with the fire inside
Once alone again, silence stands for our last journey home
Silence stands for our last journey home
