Dismissed

Ed Banger

How many times have you tried to pull one over on me?
Always mess with me and try to get the best of me
Lookin' back, all the pain that you put me through
Why would I fall for a fool like you?Now you're talkin' like I've never played the game before
Save your empty words 'cause I don't wanna hear no more
Basically you're trying to take control of me
But you're not what I wanna beI know everything about you
Yesterday has come and gone
I'd be better off without you
No lookin' back, I'm moving onYou'll never steal the song of my lips
I'll never bow down to give you a kiss, no
You'll never steal my innocence
You've been dismissedDo your best to try to pull me down
I'm never going back even if I see you around, no
No, I'm never going down like this
You've been dismissedLet me break it down one more time
And no you're never gonna change my mind
That was then this is now things are different, no
Oh, you're not what I'm livin' forI know everything about you
It's funny how the tables turned
I'd be better off without you
Now you're the one who's gettin' burnedYou'll never steal the song of my lips
I'll never bow down to give you a kiss, no
You'll never steal my innocence
You've been dismissedDo your best to try to pull me down
I'm never going back even if I see you around, no
No, I'm never going down like this
You've been dismissedOn a falling star you got to where you are
And you think you've got the right to own my heart
But my affection doesn't lie in your directionYou want to hold me with a lock and key
Cover my eyes so I cannot see
But in the end we all know who wins
You are over, over, overYou'll never steal the song of my lips
I'll never bow down to give you a kiss, no
You'll never steal my innocence
You've been dismissedDo your best to try to pull me down
I'm never going back even if I see you around, no
No, I'm never going down like this
You've been dismissedYou'll never steal the song of my lips

I'll never bow down to give you a kiss, no
You'll never steal my innocence
You've been dismissedDo your best to try to pull me down
I'm never going back even if I see you around, no
No, I'm never going down like this
You've been dismissedYou've been dismissed
