

Take My Life

Bread of Stone

So here I go again to the same place I have been
Lord I want to change my ways
But it's a burden I can't raise

So what am I to do with the things that I went through?
Lord I come before You now
To give my all as I bow

CHORUS:

Take my life
This is what I bring as an offering
Take my life
I give everything
This is why I sing take my life

You came down to earth to show me what I'm worth
You gave Yourself for me
Changed my life and set me free
