

Wondering Time

Sense Field

You're the only one who understands

You're the only one who understands

The weight of this moment, the weight of this day

You're the only one who understandsHere in wondering time, in wondering time, I'm wondering

If all I ever needed was someone to say

If all I needed was someone who reminded meYou're the only one who understands

You're the only one who understands

The weight of this moment, the weight of this day

You're the only one who understandsHere in wondering time, in wondering time, I'm wondering

If all I ever needed was someone to say

If all I needed was someone who reminded me, yeahIf all I needed was someone who, who reminded me

If all I needed was someone who, who reminded me

If all I needed was someone who, who reminded me

If all I needed was someone who, who reminded meSomeone to say, reminding me

Someone and someone to sayYou're the only one who understands

And you're the only one who understands

And you're the only one who understands

You're the only one who understands me
