

# And

## King Missile

And then, and then  
And so, and life  
And see, and look  
I mean like me and feelAnd fly, and go  
I mean like you and where  
And who and how  
And there and why  
And so what[Incomprehensible]  
What?And now, and no  
And yeah, and uhh  
And so I mean like you  
And stop, and stay
