

# Smile

Pete Murray

Please come walk with me  
And we will walk forever  
Come and touch my skin  
You control my shiver Feel sunny day  
Believe your time has Come today  
Throw in your prime  
And know it's here  
To stay I have seen days  
When your smile goes on forever  
You light up the room  
In the deepest darkest weather Feel sunny day  
Believe your time has Come today  
Throw in your prime  
And know it's here  
To stay Be free to see  
Your smile, soft sway  
I'm sure you want this day Believe your time has Come today  
Throw in your prime  
And know it's here  
To stay Be free to see  
Your smile, soft sway  
I'm sure you want this day Ba ba da da da da  
Ba ba da da da da  
Ba ba da da da da  
Ba ba da da da da ba da da da Ba ba da da da da  
Ba ba da da da da  
Ba ba da da da da  
Ba ba da da da da
