

# Better Days

[Amos Lee](#)

The darkness has always been  
The world was born into a blanket of sin  
When all the faith's been gone  
Still we found a reason to carry on Through the worry, worry, worry  
Caught in an endless maze  
Oh, when the lights go out all that I can think about  
Is how we've seen better days And lover lately I've been thinking I might leave you  
As you're surrounded by these fools who do deceive you  
Yes our past is wretched true but I'm still in love with you  
And that's why I am still refusing to give in to All this worry, worry, worry  
Caught in an endless maze  
But when the lights go out all that I can think about  
Is how we've seen better days Where do we go from here  
While we're all so consumed by fear?  
Well, I'm trying not to be suspicious towards, I'm suspicious of  
I'm trying to crack open this angry heart and find a little love Still I worry, worry, worry  
Caught in an endless maze  
When the lights go out all that I can think about  
Is how we've seen better days  
Yeah, when the lights go out all that I can dream about  
Is how, we've seen better days
