

Spend Christmas With You

Anthony Hamilton

Girl it's that time
To be alone with you
Oh what a night
For the Holidays
You'll be mine
Let me share some love with you this Christmas time
All our friends and folks are here
Our cards are filled with cheer
Only thing I really need
Is having you right next to me
Hope and present to me girl
You're my joy in the world
You can be my everything
All for Christmas holiday
It's that special time of year
I can't wait to have you here
I've been wishing on a star
And I hope it brings you here
'Cause it's Christmas time again
Waiting, rather or singing (?)
Hope he makes my wish come true
And I can spend this Christmas (fades into next line) with you
All year long
And finally the time has come to feel you in my arms
I'm wishing you could stay
Things would be my way
Girl, I need you here beyond this holiday
Well
All our friends and folks are here
Our hearts are filled with cheer
Only thing I really need
Is having you right next to me
Hope and present to me girl
You're my joy to the world
You can be my everything
On this Christmas holiday
It's that special time of year
I can't wait to have you here
I've been wishing on a star
And I hope it brings you here
Well, it's Christmas time again
Waiting, rather or singing
Hope he makes my wish come true
Then I can spend this Christmas (fades into next line) with you
It's that special time of year
I can't wait to have you here

I've been wishing on a star And I hope it brings you here
Because it's Christmas time again
Waiting, rather or singing
Hope he makes my wish come true
That I can spend this Christmas (fades into next line) Oh baby I just wanna spend a little time
Just me and you
Just me and you
Together tonight
Oh yeah, yeah, yeah
Yeah It's that special time of year
I can't wait to have you here
I've been wishing on a star
And I hope it brings you here
'Cause it's Christmas time again
Waiting, rather, or singing
Hope he makes my wish come true
That I can spend this Christmas (fades into next line) with you
It's that special time of year I can't wait to have you here
I've been wishing on a star
And I hope it brings you here
'Cause it's Christmas time of year
Waiting, rather or singing
Hope he makes my wish come true
That I can spend this Christmas with you It's that special time of year I can't wait to have you here
I've been wishing on a star
And I hope it brings you here
(Background: Oh yeah)
'Cause it's Christmas time again
Waiting, rather or singing
Hope he makes my wish come true
That I can spend this Christmas (fades into next line) with you It's that special time of year
I can't wait to have you here
I've been wishing on a star
And I hope it brings you here
'Cause it's Christmas time again
Waiting, rather or singing
Hope he makes my wish come true
That I can spend this Christmas with you
