Dogs

Pink Floyd

You got to be crazy, you gotta have a real need You gotta sleep on your toes and when you're on the streets

You gotta be able to pick out the easy meat

With your eyes closed

Then moving in silently, down wind and out of sight

You gotta strike when the moment is right without thinkingAnd after a while, you can work on points for style

Like the club tie and the firm handshake

A certain look in the eye, an easy smile

You have to be trusted by the people that you lie to

So that when they turn their backs on you

You'll get the chance to put the knife in You gotta keep one eye looking over your shoulder

You know it's going to get harder

Harder, harder as you get older

And in the end you'll pack up, fly down south

Hide your head in the sand

Just another sad old man, all alone and dying of cancerAnd when you lose control you'll reap the harvest you

have sown

And as the fear grows, the bad blood slows and turns to stone

And it's too late to lose the weight

You used to need to throw around

So have a good drown as you go down all alone

Dragged down by the stone gotta admit that I'm a little bit confused

Sometimes it seems to me as if I'm just being used

Gotta stay awake gotta try and shake off

This creeping malaise

If I don't stand my own ground

How can I find my way out of this maze? Deaf, dumb and blind, you just keep on pretending

That everyone's expendable and no one has a real friend

And it seems to you the thing to do

Would be to isolate the winner

And everything's done under the sun

And you believe at heart, everyone's a killerWho was born in a house full of pain?

Who was trained not to spit in the fan?

Who was told what to do by the man?

Who was broken by trained personnel?

Who was fitted with collar and chain?

Who was given a pat on the back? Who was breaking away from the pack?

Who was only a stranger at home?

Who was ground down in the end?

Who was found dead on the phone? Who was dragged down by the stone? Who was dragged down by the stone?
