Point Of View

Silverchair

Liberate the people that you hate
Then cut yourself again
Elevate then drop back down
And see which ones remain
Remember all that she can say
Is that she knows she wants it
You'll make it through
With another point of view again
You'll make it through
With another point
Accusation, does yes mean no?
Or have you changed your mind?
Kill the nation before it grows
And be one of a kind
Remember all that she can say
Is that she knows she wants it
You'll make it through
With another point of view again
You'll make it through
With another point
Pretend the world's an ocean oh, I'm drowning
Pretend that I'm pollution oh, I'm dying
Pretend the steak's a cowboy
And the kiss will kill you
You'll make it through
With another point of view again
You'll make it through
With another point
