Cast the First Stone

Elephant Stone

Why do I hate you
What did you do that made this so
I'll try to kill you
Break your heart and your homeI caught you throwing stones
You saw me shoot em down
Who cast the first stone
We all hit the groundYou know I hate you
You took my home and family
I'll try to break you
With my soul and sanity
You caught me throwing stones
I saw you shoot em down
Who cast the first stone
We all hit the groundn (Solo)Why do you hate me
What did I do that made this so
You've tried to break me
Took my life, not my soulI caught you throwing stones
You saw me shoot em down
Who cast the first stone
We all hit the ground
I'll make you black and blue
So fucked you never knew
Your wife and children too
It all comes around
