Posh Life

[Tlc](#)

He went to them, they turned away
He just wanted something to eat
A place to love, a place to prayIn God we trust and it's okay
He said I'm Black, Latin, and Gay
I went to them, they turned awayWhere life is holding you down
And you're having trouble finding peace
You gotta be brave, and pray until you bleedWhere life is holding you hot
In a place you don't want to be
You gotta Posh Life, cause life is all you needWe live a Posh life
The world says we're not brave until we bleed
You gotta trust the future of us, believeWe live a Posh Life
We're nothing but our leather and our dreams
You gotta trust in the future of us, believePosh Life
Posh Life
Posh Life
We'll fight until we bleedGrew up, I never thought of it
Nineteen, move to the big city
To find a dream, to find a way
OohPut the concrete of Lower East
Inscribing sharpie on the stage
Passionately, oh mister, they hear me thereWhere life is holding you down
And you're having trouble finding peace
You gotta be brave, and pray until you bleedWhere life is holding you hot
In a place you don't want to be
You gotta Posh Life, cause life is all you needWe live a Posh life
The world says we're not brave until we bleed
You gotta trust the future of us, believeWe live a Posh Life
We're nothing but our leather and our dreams
You gotta trust in the future of us, believePosh Life
We live a Posh Life
Posh Life
We'll fight until we bleedPosh Life
We live a Posh Life
Posh Life
Fight until we bleedThis ain't no chapel, no office breathing
Where love is Posh Life for just one reason
We got each other, when it hurts, change, and giving
Where love is Posh Life for just one reasonWe live the Posh life
The world says we're not brave until we bleed

You gotta trust the future of us, believeWe live the Posh Life
We're nothing but our leather and our dreams
You gotta trust in the future of us, believePosh Life
We live a Posh Life
