Brainstorm

You say.
My body, my hand
My heaven, my land
My guardian angel is mineYou say - my dreams, my head
My sex, my bed
And it's my corona with limeAnd then I say .
Maybe we could divide it in two
Maybe my animals live in your zoo
Maybe I'm in love with youYou say...
My hate, my frown
My kingdom, my crown
My palace and court is mine
You say...
My lights, my show
My years to grow
The time that I spend is fineAnd then I say ...
Maybe we could divide it in two
Maybe my animals live in your zoo
Maybe I'm in love with youBut you say my coat, my hat
My bones, my fat
My zipper is shut by meYou say...
My skin, my blood
My devil, my god
My freedom is what you see
But still I say
Maybe we could divide it in two
Maybe my animals live in your zoo
Maybe I'm in love with youMy beginning, my end
My nuclear bomb to pretend.
