

# Stamina

## Aggro Santos

I can go all night, go all night  
Go all night long with you I'll give it to ya  
I'll give it to ya  
All night long, yeah  
All night long I've got stamina, stamina  
I know I'm not an amateur, amateur, no  
All about peace till I release the beast  
And turn into another character Nineteen morphs like a power ranger  
Last night I was still a stranger  
You let me in now, I'm here to change ya  
It's risky but I love the danger, danger, danger  
Feels like nothing major, major One last breath, keep going  
All night long the life keeps showing I can go all night long with you  
If you can go all night long with me  
Let's see what you're made of  
I'm ready to take of And I need to know if you're for real  
So here's how it goes, yeah here's the deal  
Can do whatever  
(Whatever you want)  
Have you got the stamina? I'll give it to ya all night long  
I'll give it to ya all night long  
All night long It's round two, guess what? I'm still here  
You're motivation appear out of thin air  
They can't see what you do to me  
My hearts locked and you've got the key All night, all night  
Make everything alright, alright  
You've got what I see  
Come bring it to me  
Base drop down hit in the bulls eye Danger, danger  
Feels like nothing major, major  
One last breath keep going  
All night long the love keeps showing I can go all night long with you  
If you can go all night long with me  
(With me, with me)  
Let's see what you're made of  
(What are you made of?)  
I'm ready to take of  
(Take it all off for you, for you) And I need to know if you're for real  
So here's how it goes, yeah, here's the deal

Can do whatever  
Have you got the stamina? I'll give to ya  
I'll give it to ya all night long  
I'll give it to ya all night long She said that I'm so hard and I'm nice and I'm strong  
I turned around and gave it to her all night long  
She said that I'm so hard and I'm nice and I'm strong  
I turned around and gave it to her all night long I can go all night long with you  
All night long with you  
If you can go all night long with me  
Now's your chance  
Para fazer a noite toda I can go all night long with you  
If you can go all night long with me  
Let's see what you're made of  
I'm ready to take off And I need to know if you're for real, yes  
So here's how it goes, yeah, here's the deal  
(Show me the deal)  
Can do whatever  
(Do whatever)  
Have you got the stamina?  
(Stamina, stamina, stamina) I'll give it to ya all night long  
I'll give it to ya all night long
