

# Careful Man

Steinar Albrightsen

I don't gamble, I don't fight  
I don't be hangin' in the bars at night  
    Yeah, I used to be a fighter  
    But now I am a wiser man  
I don't drink much, I don't smoke  
I don't be hardly mess around with no dope  
    Yeah, I used to be a problem  
    But now I am a careful man  
But if you used to want to see a commotion  
You shoulda seen the man that I used to be  
    I was trouble in perpetual motion  
    Trouble with a capital "T"  
    Stayin' out late, havin' fun  
And shot off every single shot in my gun  
    Yeah, I used to be a lover  
    But now I'm an older man  
But if you used to want to see a commotion  
You shoulda seen the man that I used to be  
    I was trouble in perpetual motion  
    Trouble with a capital "T"  
    Stayin' out late, havin' fun  
And shot off every single shot in my gun  
    Yeah, I used to be a terror  
    But now I am a tired man  
    Yeah, I used to be a terror  
    But now I am a tired man
