Reach

Candle Nine

Should I thirst for meanin'?
Can I beg you for some water?
Should I fight your battles?
Or can I rest upon your shoulders?
I hope I'm able to ride out this storm
Oh come on Gabriel boy, blow your horn
Yep, come on
(Reach)
Reach out to me
Why can't you see?
I need you to save me
Oh right now
(Reach)
Reach out to me
Why can't you see?
I need you to hold me
Oh right girl
Should I beg for mercy?
Can I be the one you treasure?
Should I question knowledge
Or can I have all of your answers?
Hope I'm able to find love today
Or can I ask you just to light my way?
Ya, come on
(Reach)
Reach out to me
Why can't you see?
I need you to guide me
Oh right now
(Reach)
Reach out to me
Why can't you see?
I need you to love me
Oh right girl
Take me out of these walls
Take me somewhere, oh I can see
Take me away, from it all
Please just reach, reach out to me
Oh, oh

Ya, come on
(Reach)
Reach out to me
Why can't you see?
I need you to save me
Oh right now
(Reach)
Reach out to me
Why can't you see?
I need you to hold me
Oh right now
(Reach)
Reach out to me
Why can't you see?
I need you to guide me
Oh right now
(Reach)
Reach out to me
Why can't you see?
I need you to love me
Oh right girl
