Maybe what, 2, 3, years or somethin'

Up and down been high and low

Even been at the point of no return, no hope

Just want to let my fans know that I'm still here

Y'all holla back The sound was broken, too many years being political

Its kinda hard to do when everything your seeing is critical

Is all my fault what they said in the news

But its funny how the public seems to get it confused

They act like they ain't got nothin' better to do

All they want is a statement, the haddin' is blatin'

But we never paid attention to those who hate us

Til my face was on the cover of all the local papers

But still un-phased, I kept my cool

Plottin, carefully, every step I choose

And my, Cool-whit poin, and my write finery

Everybody want to know my side of the story

Well here it is, the whole truth, plain and simple

This'll finally explain all the pain I've been through

And in no way shape or form of my provoken violence

Please try to understand my "Broken Silence"
