

A Nice Surprise

The Golden Dawn

Don't let it scare you
Don't be afraid
You're cycling through many different things
Many things Glancing all around you feel
It's all so incomplete
But all it is, is something new
That shook you off your feet It's just a nice surprise it's just a nice surprise
It's just a nice surprise for you When you feel so indisposed
You don't know what to say
Listen to the music of the day
Any day
Don't relate something new
To something in your past
That is what will hang you up so fast
