

# Moving

Lou Barlow

Oh Delilah, don't walk away  
The darken death of the long life  
They change and dirty, they, they, they  
The way I'm moving  
I may be chewing on my brain  
If I ever didn't reach  
It went on me on release, the way you're moving  
Clinical day, curious scene  
Of the dumbing down  
It value the world, I'm jerking the germ  
While I run around  
I'm deep in the dream, came out losing my beam  
Gotta let it out  
All we need to be engaged  
Got the nationally designed  
Wanna turn and be the same way when you're moving  
When you're moving  
Clinical day, curious scene  
Of the dumbing down  
It value the world, I'm jerking the germ  
While I run around  
I'm deep in the dream, came out losing my beam  
Gotta let it out  
Another day, an easy pray  
That I've been speeding on a leash  
And on the thought that it was right  
The way I moved  
Clinical day, curious scene  
Of the dumbing down  
It value the world, I'm jerking the germ  
While I run around  
I'm deep in the dream, came out losing my beam  
Gotta let it out  
The way I move, the way I move  
The way I move, the way I move  
The way I move, the way I move  
The way I move, the way I move
