

# Can't Tell These Walls

[Asia](#)

You said time would heal all the scars inside,  
But hurt seems to grow not die  
No matter how I try  
I regret the things that I've said  
Can't forget the words you misread that night  
I know I was unkind  
Sitting here all alone  
How I wish I could change the past  
Feelings hidden, unshown  
Behind the mask Can't stop the rain from falling  
Can't stop the world from turning  
Can't take the cold, the hurting  
Can't tell these walls I'm missing you  
Fallen down, can I pick myself up from the ground?  
Look at the face of this clown  
I've tried to hide the tears  
Sitting here all alone  
How I wish I could change the past  
Is there ever a chance?  
Still the river flows Can't stop the rain from falling  
Can't stop the world from turning  
Can't take the cold, the hurting  
Can't tell these walls I'm missing you
