Loose, Loud & Crazy

Kevin Fowler

I wanna get loose, get loud, get crazy
Yeah, it's been a long week
I need a long neck to save me
I wanna dance all night long
In the arms of a Honky Tonk, baby
Get loose, get loud, get crazy
I've been a-workin' for the man
Tryin' to make the rent
I ain't been paid and it's done been spent
The repo man he's knockin' on my front door
Been feelin' like a dog chasin' my tail
Can't get keep my head above water
But what the hell?
Tonight I'm gonna roar
Tonight I'm gonna paint the town
I wanna get loose, get loud, get crazy
Yeah, it's been a long week
I need a long neck to save me
I wanna dance all night long
In the arms of a Honky Tonk, baby
Get loose, get loud, get crazy
I've been bankin' at the workin', man, savin' the loan
On that old shotgun that my granddaddy owned
It'd break his heart if he could see me here today
No, life ain't turned out like I planned
It's like I'm treadin' in deep quicksand
Tonight I'm gonna let my worries all slip away
I wanna get loose, get loud, get crazy
Yeah, it's been a long week
I need a long neck to save me
I wanna dance all night long
In the arms of a Honky Tonk, baby
Get loose, get loud, get crazy
Come on, get crazy man
I wanna get loose, get loud, get crazy
Yeah, it's been a long week
I need a long neck to save me
I wanna dance all night long
In the arms of a Honky Tonk, baby

Get loose, get loud, get crazy
I wanna get loose, get loud, get crazy
