

# Peace And Quiet

## Crash Through

I don't see how another days gonna make us change our minds

So why don't we go separate ways and save us a bit of time

We can't go on trying living behind this worn out and thin disguise

I don't want to try talking it out I don't need another fight

It just won't work when All I want is a little peace and quiet (\*2) I just don't wanna live this way cause lately  
were up al night

I can't speak free when your in my face and I don't like to be unkind

But constantly you try and turn it around when clearly its black and white

Somethings gone and now I'm feeling down cause I've been here a million times

It just won't work when All I want is a little peace and quiet(\*2) We can't go on trying living behind this worn  
out and thin disguise

I don't want to try talking it out I don't need another fight

It just won't work when

All I want is a little peace and quiet(\*2)
