

# The Rain

## K-OS

You say you love me  
But then you turn and walk away  
All for love  
Not even born yesterday  
I see you on the streets  
And you just pass me by  
You think I got no feelings  
Think I'm living high  
But let me tell ya  
I could be on the TV  
I could be in them magazines  
But it's never enough  
When you felt the touch  
Of an angel that's rocking your soul  
When the rain comes down  
You're never around  
But when the sun comes up  
You always steal the fire  
And rain comes down  
On this side of town  
But people have no feelings  
They just run around  
They just, they just  
We keep chasing dollars  
It's making me holler  
I just don't know  
I don't need a check  
I need some respect  
So people you know  
And the war  
And the babies crying  
And the car  
And the house  
And the rings  
And the things that don't mean nothing  
You could try to hate  
'Cause if I am right your right down  
But I'm here to elevate  
I'll be floating in outer space now  
When the rain comes down  
Will you be around?  
When the sun comes up

Will you always steal my fire?  
And rain comes down  
On this side of town  
But people have no feelings
