

# It Won't Be Very Long

Sam Cooke

You know it won't be very long  
You know it won't be very long  
You know it won't be very long  
'Till all this aches, get home  
Will you be ready then  
Just to meet the wrathsome throng?  
You better get ready for the day child  
You know it won't be very long You know it won't be very long  
'Till the day I of my tries  
It won't be very long  
Tell we meet him in the sky  
Lord and then I'll shout and see  
With angels on the throne  
I'm getting ready for that day child  
I know it won't be very, very long You know it won't be very long  
You know it won't be very long  
You know it won't be very long  
'Till all saints get home  
Will you be ready then  
Just to meet the wrath and thorn crown?  
You better get ready for the day child  
You know it won't be very long I know it won't be very long  
'Till I receive my starry crown  
It won't be very long  
'Till all of my burdens I lay down  
And when I from this race  
I'm gonna save my saviors face  
I'm getting ready for that day child  
I know it won't be very, very long
