

What Is Love

Take That

Is it a truth or is it a fear?
Is it a rose for my Valentine?
What is love?
Is it only words I'm trying to find
Or is it the way that we're feeling now?
What is love?
If love is truth then let it break my heart
If love is fear, lead me to the dark
If love is a game, I'm playing all my cards
What is love? What is love?
A pain or a cure, a science of faith
A reason to fall to your knees and die
What is love?
If love is truth then let it break my heart
If love is fear, lead me to the dark
If love is a game, I'm playing all my cards
What is love? Love, love, love
Oh, oh, oh, oh, oh, oh
Only you can save me now
Only you can heal me now
Only you can show me now
What is love?
Oh, is it a truth or is it a fear?
Is it a rose for my Valentine?
What is love? Ooh, what is love?
