

# Don't Be Shy

Shwayze

Come, come, summertime  
Love, love, hold my hand  
Come, come, summertime  
Love, love, take a ride with me Sweet little nectarine  
Sit down next to me  
Take a load off Annie  
I think youre beautiful Do ah diddy diddy, dum diddy do  
When the moon is full, Ill be a wolf  
Howl at you and growl at you  
Ladybugs and flowers too  
I wanna go out with you Im just a kid living a dream  
Slid in the scene like an old pair of jeans  
You know my name but you dont know me  
Wanna go out with me? Show me Come, come, summertime  
Love, love, hold my hand  
Don, don, don, do don don, do don don  
Dont be shy Come, come, summertime  
Love, love, take a ride with me  
Don, don, don, do don don, do don don  
Dont be shy Black smoke billow out  
The black tinted window  
In my black limousine  
As I ride through the ghetto Yo, she wore blush, it gave me a rush  
She was a lush, I gave her a touch on the tush  
I gave her a push on the bed  
And we smushed our lips together Like blue and yellow we made a green meadow  
Chilled together forever, real mellow  
She fell in love, I had to act, hello  
I couldnt say goodbye, she was too special Come, come, summertime  
Love, love, hold my hand  
Don, don, don, do don don, do don don  
Dont be shy Come, come, summertime  
Love, love, take a ride with me  
Don, don, don, do don don, do don don  
Dont be shy All my ladies, put your hands  
In the sky for me babies  
And say my name  
They call me Shwayze Turn it up, turn it up, play me  
Turn it up, turn it up

Turn it up, turn it up  
Turn it up, turn it upCome, come, summertime  
Love, love, hold my hand  
Don, don, don, do don don, do don don  
Dont be shyCome, come, summertime  
Love, love, take a ride with me  
Don, don, don, do don don, do don don  
Dont be shyCome, come, summertime  
Love, love, take a ride with me  
Don, don, don, do don don, do don don  
Dont be shyCome, come, summertime  
Love, love, take a ride with me  
Don, don, don, do don don, do don don  
Dont be shy  
Don, don, don, do don don, do don don  
Dont be shy
