

# **Tell Him (Re-Recorded)**

## **The Exciters**

I know something about love. You've gotta want it bad

If that guy's got into your blood, go out and get him

If you want him to be the very part of you

That makes you want to breathe, here's the thing to do...(Reff:)

Tell him that you're never gonna leave him

Tell him that you're always gonna love him

Tell him, tell him, tell him, tell him right now I know something about love. You gotta show it and make him

See the moon up above. Reach out and get it

If you want him to be always by your side

And if you want him to only think of you...(Repeat Reff) Ever since the world began it's been that way

For man and woman were created to make love their destiny

Then why should true love be so complicated? Oh...I know something about love. You gotta take it and

Show him what the world is made of, one kiss will prove it

If you want him to be always by your side

Take his hand tonight and swallow your foolish pride and..(Repeat Reff)
