# A Man's Gotta Do

## The Adicts

Well, I heard her scream from the tower above
My heart, it wanted to help
But the soldiers who guard her with their lives
Would surely stop my attemptWell, a man's gotta do
What a man's gotta do
What a man's gotta do
Well, a man's gotta do
What a man's gotta do
What a man's gotta doWell, I scaled the wall at night after dark
The coast was, oh, so clear
When I reached the young maiden's cell
My heart was, oh, so nearWell, a man's gotta do
What a man's gotta do
What a man's gotta do
Well, a man's gotta do
What a man's gotta do
What a man's gotta doAs I made off into the night
My maiden in my arms
I said it's just like being in the movies again
Eat your heart out Errol FlynnWell, a man's gotta do
What a man's gotta do
What a man's gotta do
Well, a man's gotta do
What a man's gotta do
What a man's gotta doWell, a man's gotta do
What a man's gotta do
What a man's gotta do
Said, a man's gotta do
What a man's gotta do
What a man's gotta doWell, a man's gotta do
What a man's gotta do
What a man's gotta do
Well, a man's gotta do
What a man's gotta do
What a man's gotta do
