Yes Please

Digby Jones

Hahahahaa!(Whispered) Jump on my pleasure pill?Yes Please ha ha!Ahh Hah!I cannot sleep
There's too much noise in my headI cannot sleep
I want it here insteadI never thought that this could come to this
I just wanna live with your bliss in
peace nowYou'll never miss
But I canAh hah!I can not keep
The shame that's clawed us outI will not keep
Your shut-up shut-up liesI never thought that this could come to this
I just wanna live with your bliss in
peace now...You will never miss
But I canAhh hah ha!
