

Falling

Gaelle

I can close my eyes and make this moment last
As I watch raindrops of diamonds turn to glass
As the flowers
They were open
Right beside the strawberry fields
Like volcanic lava
I melt into your passionate kiss

But what happened to us
Canâ€™t be explained by too much
I just canâ€™t get quite enough
I feel Iâ€™m falling in love

(Chorus)

Give a little take a little bit of my love
If youâ€™re ready Iâ€™ll show you what Iâ€™ve been thinkin of
If youâ€™re willing Iâ€™ll take you to the garden of love
I just might surprise you babe
Iâ€™m swept off my feet Iâ€™m fallin
I feel Iâ€™m faling in love

I can close my eyes and sail around the world
And Iâ€™ll find a million lovers boys and girls
Just like the flowers they were open
Like beside the strawberry fields
Itâ€™s the passionate people
Weâ€™ll keep on movin
Thatâ€™s how it is

Cause what happens to us
Canâ€™t be explained by too much
We just canâ€™t get quite enough
Weâ€™ll keep on falling in love

Chorus
