This Bridge

Near Miss

Today with a thought so concerned
All the friendships
You had you lost you always burned
This bridge is weakening in its time
And no one cares about your broken life
Or its unwritten line
So unwrap your gift of sorrow
Retreat to your tired home
Burn a cigarette to its end
And rebuild your selfless throneSomeone tell me why our dreams
Always end up untrue
You put your faith in friends
They just walk all over you
And once it's lost it's gone
It still ends up untrue for youSo now with your voice pushed aside
All your anger and feelings
And dreams they're left behind
You gotta try and listen up
Coz all your anger and feelings
And dreams weren't enoughSo just sit back rethink your loss
It's just a dream
And it has no cost
You gotta stand up
Once this time you're not just a voice
You walk a different lineSomeone tell me why our dreams
Always end up untrue
You put your faith in friends
They just walk all over you
And once it's lost it's gone
It still ends up untrue for you
It still ends up untrue for you
It still ends up untrue for youAnd seems so wrong
I followed you along
And when it's time for you to call
I leave you alone
