Ooh, I want you all tonight make it right
You, I want you all tonight
Ooh, I want you all tonight make it right
You, I want you all tonight

Hey I want to talk to you
Thereâ€²s something heavy on my mind
You know that's what you like to do

I guess you feel that nowâ€²s the time
(Now's the time)
The food is good the wine is cold
And the fire's burning in my heart
Now, I can yell that youâ€²re feeling bold
So thereâ€²s a reason we can start

Ooh, ooh, I want to have you all tonight (tonight)
Oh baby (that's right) yeah, yeah
I think the time is finally right {thatâ€²s right)
Yeah, yeah (tonight)

Ooh, I want you all tonight make it right
You, I want you all tonight
I want you all tonight make it right
You, I want you all tonight

I've been waiting so very long
So long I donâ€²t know what to do (what to do)
I thought there was nothing wrong
Now that you know my love is true (love is true)
Teasing me the way you do
It's hard for me to understand

When all I want to do is please you
Better than any other man, oh
I want to have you all tonight, (tonight)
Oh baby, (thatâ€²s right) yeah, yeah
I think the time is finally right {that's right)
Yeah, yeah (tonight)
Oh-ho, I want you, I want you all tonight, yeah

Loving me like you say you do
(All tonight make it right)
Long as you know my love is true
(All tonight make it right)
Don't you know, donâ€²t you know, donâ€²t you know
(I love you) I love you?
Don't you know I love you so?

(I want you) Make it make it right
Make it right, make it right (All tonight make it right)
I want you all, I want you all, I want you all tonight
(Ooh, I want you all tonight make it right)
(You, I want you all tonight)
I want you all, I want you all, I want you all tonight
Ooh, I want you all tonight make it right
You, I want you all tonight
Make it right, make it right, make it right, make it right
(You, I want you all tonight)
(I want you all tonight make it right)
(You, I want you all tonight)

Make it make it right, make it right
I want you all, I want you all, I want you all tonight
(Ooh, all tonight make it right)
(You, I want you all tonight, I want you)
Make it make it right, make it right, yeah yeah
(I want you all tonight make it right)
(I want you all tonight make it right

Teasing me I donâ€²t understand
What you do, what you do, what you do
(I want you all tonight make it right)
All I want is you all tonight, yeah
(I want you all tonight make it right)
(You, I want you all tonight)
(I want you all tonight make it right)
(You, I want you all tonight)

(I want you)
