

Selfish

Medina

I'm gonna take you with me to vanilla sky's
Embrace me I'm gonna take you oh so high
I wanna use you up i want to explore
So when I'm done with you I know your gonna beg for more
Whatever I want whatever I need I'm gunna take ya take ya take ya
Whatever I want whatever I need I'm gunna take ya take ya take yaCause I'm selfish
I got an ego as high as a mountain
I'm selfish
I got an ego as big as a mountain
Cause I'm selfish
I got an ego as high as a mountain
I'm selfish
I got an ego as big as a mountainWhen I tell you to stand over there better be prepared
Because I won't tell you twice no I won't tell you twice
Cause I'm a queen on my throne and I get anything I want
So when I tell you to stand over there be prepared
Whatever I want whatever I need I'm gonna take ya take ya take ya
Whatever I crave insidious taste I'm wanna take yaCause I'm selfish
I got an ego as high as a mountain
I'm selfish
I got an ego as big as a mountain
Cause I'm selfish
I got an ego as high as a mountain
I'm selfish
I got an ego as big as a mountainI slowly ware you down and weaken all your senses
And there's no disguise its clear your losing your religion to me...to meI'm selfish yeahCause I'm selfish
Baby I got an ego as high as a mountain
I'm selfish
I got an ego as big as a mountain
Cause I'm selfish
I'm so selfish baby
I got an ego as high as a mountain
I'm selfish
I got an ego as big as a mountain
