Selfish

Medina

I'm gonna take you with me to vanilla sky's
Embrace me I'm gonna take you oh so high
I wanna use you up i want to explore

So when I'm done with you I know your gonna beg for more

Whatever I want whatever I need I'm gunna take ya take ya

Whatever I want whatever I need I'm gunna take ya take ya take yaCause I'm selfish

I got an ego as high as a mountain

I'm selfish

I got an ego as big as a mountain

Cause I'm selfish

I got an ego as high as a mountain

I'm selfish

I got an ego as big as a mountainWhen I tell you to stand over there better be prepared

Because I won't tell you twice no I won't tell you twice

Cause I'm a queen on my throne and I get anything I want

So when I tell you to stand over there be prepared

Whatever I want whatever I need I'm gonna take ya take ya take ya

Whatever I crave insidious taste I'm wanna take yaCause I'm selfish

I got an ego as high as a mountain

I'm selfish

I got an ego as big as a mountain

Cause I'm selfish

I got an ego as high as a mountain

I'm selfish

I got an ego as big as a mountainI slowly ware you down and weaken all your senses And there's no disguise its clear your losing your religion to me...to meI'm selfish yeahCause I'm selfish

Baby I got an ego as high as a mountain

I'm selfish

I got an ego as big as a mountain

Cause I'm selfish

I'm so selfish baby

I got an ego as high as a mountain

I'm selfish

I got an ego as big as a mountain
