

Little Grey Cloud

Nick Cope

Little grey cloud

Rosie like trucks

Rosie likes trains.

Rosie got trucks and trains on her brain

Michael like fairies and flowers. He can talk about them for hours and hours.

Chorus

All the children they just wanna be free

Free to be who they wanna be

And to all the people who disagree

Can you tell me

Why you wanna live under a little grey cloud when you can

Why you wanna live under a little grey cloud when you can

Live under a rainbow?

Suzie likes cars

Suzie like cranes

Suzie's got cars and cranes on her brain

Peter likes princesses and ponies

He talks to them late at night when he's lonely

Chorus

Red and yellow and pink and orange and blue

The colours of the rainbow shine through you

Repeat verse 1

Final chorus

All the children they just wanna be free

Free to be who they wanna be

Clap you're hands and sing along with me

And can you tell me

Why you wanna live under a little grey cloud

Why you wanna live under a little grey cloud

Why you wanna live under a little grey cloud

When you can

You can live under a rainbow

Live under a rainbow

Live under a rainbow
